

WATERMART SINGLE SINK LAKE WATER TREATMENT SYSTEM

Just need one tap for your drinking water? Here's your solution!

- Provides clean, safe water without bacteria, cysts, colours, tastes, odours and chemicals
- Requires infrequent maintenance - which is then easy and inexpensive
- Very simple to winterize - it really takes minutes

STEP 1

Removes:

- Fine sand & silt.
- Taste, odour & colour
- Zebra mussels
- Chemicals such as gasoline and pesticides

Both filters are standard size - so replacements will always be available.

Very easy to change the filters.

Very easy to winterize.

Dimensions: 13.5"x10"x6"
(HxWxD)

STEP 2

Removes:

- Bacteria (such as E-coli)
- Cysts (such as Cryptosporidium & Giardia)
- Fungus, algae & virus

SAFE! 99.99999 percent reduction of bacteria, virus, cysts, fungus and algae.

Audible alarm to let you know immediately if something isn't working properly.

A lamp life countdown lets you know when it's time to change the bulb.

Dimensions: 2.5"x11.5"

Call us for info and tips. We've been treating cottage water for over 20 years!
